

A SURE SIGN OF EXCELLENCE--
FROM DESIGN TO INSTALLATION.
Dixie Signs Inc. offers over a half century
of expertise in design, manufacturing
and installation of custom signage.
We offer interior & exterior identification
packages, which include sign repair,
repainting and lighting services.
In addition to serving the entire Central
Florida market, we service and ship to
clients nationwide.

Some specific
areas of expertise
include high rise
signs & electronic
message centers.

Gas canopy &
parking lot lighting,
custom fabricated
bumper poles & lighted
awnings.

We also provide a complete service package
tailored to your specific needs and requirements.
Maintenance scheduling, professional installation
and site surveys will all be handled easily,
economically and in a timely fashion. Our highly
skilled staff, along with our fleet of crane and
service trucks are fully equipped to handle even
the most challenging situations.

I.D. relocations,
modifications & retrofits
